

# Brewster Walking Trails

## 8 Eagle Point Trails

Eagle Point is one of the most accessible paths in the Town's vast (over 900 acres) Punkhorn Parklands. The Town acquired the property for conservation in 1986 from the Carleton Francis family. The State paid half of the purchase cost. There are several loop trails that include bluffs overlooking Upper Mill Pond, and a view of an old cranberry bog. The path crosses the dike separating the bog from the Pond, and stretches through beautiful woods of pine, oak, and huckleberry understory. The Punkhorn Parklands play a valuable role in protecting the area from which the Town draws part of its water supply.

**Round trip trail length:** 1 mile Blue and Red outer loop.

**Directions:** From Stony Brook Road, take Run Hill Road to where it turns to gravel and there is a public parking lot on the left. The Eagle Point Blue Trailhead is on the pond side of West Gate Road near the Boat Landing access road. The Seymour Pond Trailhead is at the rear of the parking lot.

## 9 Seymour Pond Trails

Seymour Pond Trail network is in the heart of Brewster's vast Punkhorn Parklands and passes through many of Brewster's diverse habitats – abandoned cranberry bogs, red maple swamps, bogs, and upland mixed pitch pine and oak forest with huckleberry understory. Midway along the trail is Marios Quaking Bog, with its unstable floating vegetative layer. The trail ends at Seymour Pond where a high bluff provides a view over the pond.

**Round trip trail length:** 3 mile Yellow and Orange outer loop to Seymour Pond and back.
