

**MOTHER'S BOG
SLOUGH ROAD WOODLANDS**
60-acre Conservation Area
purchased by Town of Brewster
2006-2007

January 2006

Sept 2005

Last
commercial
crop of
cranberries
ready for
harvest

January 2008

Bogs out of
production for
last two years;
cranberry
vines dead
from lack of
irrigation;
Wetland
grasses
starting to
recolonize bog

MOTHER'S BOG
SLOUGH ROAD WOODLANDS
60-acre Conservation Area
purchased by Town of Brewster
2006-2007

February 2012

Extensive soft rush, a wetland grass, now dominates the bog, with 5-year old pitch pines beginning to colonize. Town DNR and ConCom hopes to remove woody vegetation from bog to keep it open.
