Brewster Walking Trails

4 Lee Baldwin Trail (South Trail)

The Cape Cod Museum of Natural History South Trail honors the late Lee Baldwin, native Cape Cod naturalist and veteran walk leader. The trail crosses the Stony Brook Marsh and extends to upland groves of beech trees. The 2010 enlargement of the Route 6A culvert over Stony Brook has allowed greater tidal flow to restore the marsh to its original condition. The trail provides several stations for viewing life in the marsh. Dogs are not allowed.

Trail round trip: 1.0 miles

Directions: Parking is available at Drummer Boy Park. The trailhead is approximately 0.3 miles east, across Rt. 6A from the Museum of Natural History.

5 John & Kristi Hay Trail

The John and Kristi Hay trail is named after the famous naturalist and his wife who played a leading role in conservation in Brewster and in establishing the Cape Cod Museum of Natural History. Passing some of the largest glacial erratics in Brewster, the trail winds through typical Cape Cod pine-oak forest and provides a view to a dry kettle hole from a rustic bench. A segment of the trail follows an ancient road which was once the connection between the Stony Brook Valley 18th century factory village and Wing Island, where early settlers cut marsh hay and salt works flourished. The trail extends onto Museum property where a viewing bench looks onto an enormous beech tree and a view of the Stony Brook Valley.

Trail round trip: 0.6 miles

Directions: Parking is available at Drummer Boy Park. The trailhead, with limited parking, is located approximately 200 yards in from Route 6A on Edwards Drive, across from Drummer Boy Park.
